德国巴斯夫TPU 1180A报价

产品名称	德国巴斯夫TPU 1180A报价
公司名称	上海众顿塑化有限公司
价格	1.00/千克
规格参数	1:7 4:5 3:9
公司地址	上海市奉贤区南桥镇环城南路1388-1号
联系电话	135-85676967 13585676967

产品详情

德国巴斯夫TPU 1180A报价，德国巴斯夫TPU报价。

Elastollan 1085A Thermoplastic Polyether-Polyurethane-Elastomer with excellent mechanical properties

Elastollan 1154D53 is a polyether-based thermoplastic polyurethane (TPU). It exhibits excellent abrasion resistance, toughness, transparency, low temperature properties, hydrolytic stability, and fungus resistance.

Elastollan 1164D50 is a polyether-based thermoplastic polyurethane (TPU). It exhibits excellent abrasion resistance, toughness, transparency, low temperature properties, hydrolytic stability, and fungus resistance.

Elastollan 1174D50 is a polyether-based thermoplastic polyurethane (TPU). It exhibits excellent abrasion resistance, toughness, transparency, low temperature properties, hydrolytic stability, and fungus resistance

Elastollan 1175A10W is a polyether-based thermoplastic polyurethane (TPU) containing a plasticizer.

Elastollan 1180A10 is a polyether-based thermoplastic polyurethane (TPU). It is specifically formulated for extruded profile, sheet and film applications.

Elastollan 1185A10FHF is a polyether-based thermoplastic polyurethane (TPU) containing a non-halogenated fire retardant. It is specifically formulated for wire and cable jacketing, extruded profile, sheet and film applications.

Elastollan 1185A10XU is a polyether-based thermoplastic polyurethane (TPU) with UV stabilizer and a MFI value of 41-60 (at 190 ° C/21.6 kg).

Elastollan 1185A50V is a polyether-based thermoplastic polyurethane (TPU). It exhibits excellent abrasion resistance, toughness, transparency, low temperature properties, hydrolytic stability, and fungus resistance.

Elastollan 1190A10 is a polyether-based thermoplastic polyurethane (TPU). It is specifically formulated for extruded profile, sheet and film applications.

Elastollan 1195A10 is a polyether-based thermoplastic polyurethane (TPU). It exhibits excellent abrasion resistance, toughness, transparency, low temperature properties, hydrolytic stability and fungus resistance.

Elastollan 1195A55 is a polyether-based thermoplastic polyurethane (TPU). It exhibits excellent abrasion resistance, toughness, transparency, low temperature properties, hydrolytic stability, and fungus resistance.

Elastollan 688A10N is part of a new series of film grade polyester-based thermoplastic polyurethanes (TPU).

Elastollan 695A15N is part of a new series of film grade polyester-based thermoplastic polyurethanes (TPU).

Elastollan C60A10W is a polyester-based thermoplastic polyurethane (TPU) containing a plasticizer.

Elastollan C59D53 is a polyester-based thermoplastic polyurethane (TPU). It exhibits excellent abrasion resistance and toughness, good hydrolytic stability, good heat, oil, fuel, and solvent resistance. As with all TPU products,

Elastollan S90A55N is a polyester-based thermoplastic polyurethane (TPU). It exhibits excellent abrasion resistance and toughness, good heat, oil, fuel, and solvent resistance.

Elastollan S95A55N is a polyester-based thermoplastic polyurethane (TPU). It exhibits excellent abrasion resistance and toughness, good heat, oil, fuel, and solvent resistance.

Elastollan S98A53N is a polyester-based thermoplastic polyurethane (TPU). It exhibits excellent abrasion resistance and toughness, good heat, oil, fuel, and solvent resistance.
