出口日本原单蒸发仪不锈钢304抛光内胆拉伸模具对外加工

产品名称	出口日本原单蒸发仪不锈钢304抛光内胆拉伸模具对外加工
公司名称	深圳市君莱科技发展有限公司
价格	面议
规格参数	作用对象:金属 工艺类型:拉深模
公司地址	深圳市龙岗区龙城街道爱联社区新屯中路50号新屯大厦402室
联系电话	13530417092

产品详情

july technology development industrial co., ltd., specializing in metal stamping processing, drawing processing, cnc lathe processing, cnc machining, casting processing, material processing and so on, the main processing of materials are copper, aluminum, stainless steel, iron, plastic, magnesium alloy, titanium alloy, etc., and support the design drawings or sample processing, if there is demand please call advisory!

production equipment list

serial numder	machine name	quantity	origin	processing of materials		
1	punch	9	taiwan	steel,alunimum,stainless steel,brass and so on		
2	grinding machine	11	baoji	steel,alunimum, stainless steel,brass and so on		
3	milling machine	9	foshan	steel,alunimum, stainless steel,brass and so on		
4	numerical control lathe	5	taiwan	steel,alunimum,stainless steel,brass and so on		
5	cnc	3	taiwan	steel,alunimu		

	machining center			m,stainless steel,brass and so on		
6	wire-electrode cutting	20	foshan	steel,alunimum, stainless steel,brass and so on
