凡立水XL-2103LV绝缘漆

产品名称	凡立水XL-2103LV绝缘漆
公司名称	东莞市华翰绝缘材料有限公司
价格	.00/桶
规格参数	品牌:多尔夫 型号:XL-2103 产地:美国
公司地址	广东省东莞市寮步镇香市路
联系电话	13729920593

产品详情

凡立水XL-2103LV绝缘漆

several recent circumstances, gave us the opportunity to fill a gap in our xl product line.
this new product, xl-2103lv should offer great promise as a very versatile resin in both
transformer and motor applications.xl-2103lv绝缘漆凡立水we were recently faced with two ver
y different problems in the transformer market. we had two very low viscosity (200-300 c
ps) xl products in xl-2102 and xl-2105. however, these good penetrating, low viscosity prod
ucts, in certain applications, did not give quite enough build on the corners and edges o
f the laminations. we needed to give the customer a little more build to prevent corrosio
n. we were able to accommodate the customer through a recommendation of adding xl-21
03 (1600 cps). this brought the overall viscosity to around 700cps.。
