WIKA 75 气包式温度计 不锈钢高防振性 Gas actuated thermometer

产品名称	WIKA 75 气包式温度计 不锈钢高防振性 Gas actuated thermometer
公司名称	卓尔瑞华（北京）科技有限公司
价格	面议
规格参数	品牌:WIKA/威卡 型号:75
公司地址	北京市北京经济技术开发区文化园西路6号院20号楼1807
联系电话	010-51669912 15910733293

产品详情

wika 75 气包式温度计，高防振性，不锈钢系列

gas actuated thermometer, highly vibration resistant

model 75, stainless steel series

gas actuated thermometer model r75.100

applications

for the local measurement of exhaust gas temperaturesor oil temperatures in diesel engines, turbines,compressors and strongly vibrating machinery

special features

instruments meet the highest mechanical andmeasurement-technology standardsvery high vibration resistanceextremely robust design with cushioning fluid for a longservice lifeall stainless steel design

description

this series of thermometers has been designed for applications where strong shocks and vibrations occur.
these thermometers measure accurately and reliably, even when exposed to extremely high mechanical loads.they are also resistant to high ambient temperatures and humidity. the thermometers are completely made of stainless steel.
various insertion lengths and process connections are available to optimally match the requirements of each process.
