产品详情

软件具有自动补偿外形变形功能；

The software has automatic compensation for shape deformation;

产品型号的加工资料直接保存到电脑，保存数量可达上万组；

The processing data of the product model can be directly saved to the computer, and the number of storage can reach tens thousands of groups;

软件目前可选配网络打印功能，与工程部联网，实现CAM软件多用户直接打印的队列切割功能；

The software is currently available with a network printing function, which is networked with the engineering department to implement a queue cutting function for CAM software multi-user direct printing;

软件具备了自动进料和自动收料功能，可实现一键加工自动进料、自动切割、自动计算张数、自动收料、自动转换型号等，完全实现自动化；

The software has automatic feeding and automatic receiving function, which can realize one-key processing automatic feeding, automatic cutting, automatic calculation of the number of sheets, automatic receiving, automatic conversion of models, etc., fully automatic;
