PC GN-3610H、PC GN-3610L

产品名称	PC GN-3610H、PC GN-3610L
公司名称	东莞市彤达塑胶原料有限公司
价格	.00/个
规格参数	帝人:PC 导电PC:加纤防火PC 日本:PC树脂
公司地址	东莞市樟木头镇百果洞社区帝豪街6巷1号一楼
联系电话	13434081795

产品详情

PC designed.the GN - 3610 - h, PC designed.the GN - 3610 l the characteristics of plastic raw materials: PC academic called poly ester and its application in various industries scope is quite widespread, tasteless amorphous, PC sex after acrylic in engineering plastics, especially on the impact resistance, poly ester propose that extremely superior physical properties, creep resistant, low water absorption and dimensional stability, in the same engineering plastic, PC under high and low temperature can still maintain good comprehensive performance, even within the wider temperature change, the mechanical properties of PC plastic, size change, electrical and fire characteristics, basic status, In 60 ~ 120 °C under medium load can work for a long time, there was no significant melting point, under the molten state of temperature of 220 ~ 230 °C, and made of PC material of membrane permeability is small, can self-extinguishing after processing, weather resistance, but poor ability to resist UV, no resistance to alkali and oil acid, and if used in the water for a long time, will produce the phenomenon of hydrolysis that cracking, fatigue resistance are relatively poor, the other poly ester of wear resistance for further study.

PC GN-3610H、PC GN-3610L应用领域：PC的综合必能优良，已广泛的应用。主要用于高性及高冲击强度的领域，如今光盘用材是PC的主要用途之一。PC在汽车制造业扩大使用的潜在市场也很大，可用于生产汽车前灯，侧灯，尾灯，镜面，透镜，车玻璃，内外装饰件，仪表板；在电子电器行业，可用于低压电柜的接线座，各种绝缘插件，绝缘套管，机床电机保护开关，空心砖外壳，仪表外壳和办公室自动化设备，还可以制造聚合物光纤的芯材PC可替代玻璃和金属，使用于建筑材料及其他的领域1.光学照明：用于制造大型灯罩、防护玻璃、光学仪器的左右目镜筒等，还可广泛用于飞机上的材料。2.电子电器：聚提酯是优良的E（120°C）级绝缘材料，用于制造绝缘接插件、线圈框架、管座、绝缘套管、电话机壳体及零件、矿灯的电池壳等。也可用于制作尺寸精度很高的零件，如光盘、电话、电子计算机、视频录象机、电话交换器、继电器等通讯器材。聚提酯薄摸还被广泛用作电容器、绝缘皮包、录音带、彩色录象磁带等。3.机械设备：用于制造各种齿轮、齿条、蜗轮、蜗杆、轴承、凸轮、螺栓、杠杆、曲轴、棘轮，也可作一些机械设备壳体、罩盖和框架等零件。4.器材：可作用途的杯、筒、瓶以及牙科器械、容器和手术器械，甚至还可用作人工、人工肺等人工脏器。5.其它方面：建筑上用作中空筋双壁板、暖房玻璃等；在纺织行业用作纺织纱管、纺织机轴瓦等；日用方面作奶瓶、餐具、玩具和模型等。

★相关说明：正规的进货渠道，可提供COA,DS,SGS,COC,UL黄卡和物性表及加工参数，可开17%的增值税，所售物料均为原厂原包，同时我们热烈欢迎广赐户来本司进行考察。
★出售其他：另本公司出售PC其他型号，详情请来电，你的满意是我们大的骄傲！
