折页机胶辊的使用环境与要求

产品名称	折页机胶辊的使用环境与要求
公司名称	河北冀州市联兴制辊有限公司
价格	.00/个
规格参数	直径:≤2000mm 长度:≤6000mm 产地:河北
公司地址	河北省衡水市冀州区高新技术产业开发区（南区）规划七路中段北侧
联系电话	0318-8780313 13132439856

产品详情

折页机折页部主要的组成部件就是折页机胶辊，随着市场要求的发展，折页机的线速也越来越高，一般在180m-220m之间，而折页次数也达到18-20折的数量。所以，对于胶辊的要求也越来越高，要求耐磨，耐压和耐高速旋转的平衡性。针对市场需求，我公司致力于胶辊的深耕细作，采用高品质原材料，先进的设备，合理的配方，生产的折页机胶辊满足了客户要求，并超出预期。

With the development of market requirements, the linear speed of folding machine is higher and higher, generally between 180m and 220m, and the number of folding times also reaches 18-20 fold. Therefore, the requirements for cots are also higher and higher, which requires the balance of wear resistance, pressure resistance and high-speed rotation. According to the market demand, our company is committed to the deep ploughing and meticulous cultivation of cots. Using high-quality raw materials, advanced equipment and reasonable formula, the production of folding machine cots meets the requirements of customers and exceeds the expectation.
