

3M 8672 Polyurethane Protective Tape

产品名称	3M 8672 Polyurethane Protective Tape
公司名称	上海恩莱保贸易有限公司
价格	.00/个
规格参数	
公司地址	上海市松江区金高路2388号813室
联系电话	86-021-20228098 13391171050

产品详情

This transparent, protective tape is made from tough, abrasion-resistant thermoplastic polyurethane elastomer that resists punctures, tearing, abrasion and erosion. Formulated for resistance to ultraviolet light and constructed with a long-aging, solvent-resistant, pressure-sensitive acrylic adhesive that is protected with an easy-release paper liner, 3M 8672 Tape provides a simple, easy method of protecting a surface from corrosion, abrasion and minor impact damage. Designed for outdoor application, it can be installed in a minimum amount of time with simple tools, and can be painted or applied over painted surfaces. Total thickness is 0.008 inch (0.21 mm). Applications include surface protection applications in aerospace, equipment, automobiles, marine, and general industrial markets. Contains no VOC's.

Features

Transparent polyurethane thermoplastic elastomer tape

Easy release paper liner protects pressure-sensitive acrylic adhesive

Resists punctures, tearing, abrasion, erosion, minor impact damage and UV light

Easy to apply

Conformable to most surfaces

Applications include paint, plastic and metal protection

Total thickness of 0.008 inch (0.21 mm)
