产品详情

CHRISTO-LUBE MCG 132 is a fully fluorinated grease thickened with PTFE which operates under extreme temperature conditions, has outstanding stability with oxygen and excellent compatibility with metals, plastics and elastomers. This medium consistency fluorinated lubricant is formulated with a thermally stable base oil making it especially suitable for use in high temperature environments. CHRISTO-LUBE MCG 132 is formulated with corrosion inhibitors for protection of metal parts and is registered with NSF as an H-1 lubricant meaning it is acceptable for use in or around food processing equipment.
