

## PE河道浮漂围栏阻挡浮排 水面保洁拦污浮筒供应

产品名称	PE河道浮漂围栏阻挡浮排 水面保洁拦污浮筒供应
公司名称	宁波天蔚环保科技有限公司
价格	100.00/个
规格参数	品牌:柏泰 型号:FT200 产地:宁波
公司地址	浙江省宁波市镇海区骆驼街道三五路1066弄1号 韵恒大厦13层13-1室
联系电话	18258765322

### 产品详情

#### PE河道浮漂围栏阻挡浮排 水面保洁拦污浮筒供应

Nino Baitai Plastic Technology Co., Ltd. specializes in the construction and design of sewage interception and drainage projects. According to different power plant scale, water flow rate and different geographical environment, we recommend a sewage interception and drainage device suitable for you. The product is maintenance-free, long service life and reasonable cost. It has won unanimous praise from many power plant owners. Now there are cases all over the country. Please consult in detail. Because of its good impact resistance, floating body performance and reasonable price began to gradually become popular in China, the important thing is that it is environmentally friendly, and basically does not need maintenance. Whether it is deep or shallow water, dynamic or static water, brackish water or fresh water, frozen water or hot water, or clean water or sewage, buoys can make full use of almost all the water available. Various products consisting of buoys have infinite variety, free combination into various shapes, simple and fast installation and disassembly, harmless to the environment, lightweight, stable and safe.
