

# WJC-U410喷雾加湿用高压柱塞泵

产品名称	WJC-U410喷雾加湿用高压柱塞泵
公司名称	北京精科华美科技发展有限公司
价格	1950.00/台
规格参数	品牌:bertolini 流量:4L/min 压力:100bar
公司地址	北京市通州区宋庄镇师姑庄村92号
联系电话	010-69592137 15801363587

## 产品详情

贝托里尼 (UGO BERTOLINI)

Impianti umidificazione Misting/Fogging Syst é mes de brumisation 加湿系统

The WJC-U series covers the low power range (up to 2HP) and is specially suited for misting/fogging systems (greenhouses, climate control systems, industrial humidification systems, outdoor cooling, poultry, horse and cattle cooling, odour neutralization systems, dust control systems, special fog effects, etc.). Direct drive to electric motors with the following specifications: 1450 RPM, solid shaft dia. 24mm, size IEC 90, 4 poles, flange B14. Compact, easy to handle and noiseless pumps, structured to make easily accessible the inspection and the maintenance.

WJC-U系列柱塞泵属于低功率范围（2马力），应用于温室大棚，室外环境降温，除尘/除臭，加湿，动物养殖场降温处理，其他特殊处理等）。这些泵可直接应用于具有以下特性的电机：1450 RPM，圆柱形公轴直径24mm，规格IEC90，4极，法兰B14。紧凑型泵，操作简单，低噪音，更换易损件非常方便。

1 New brass head completely redesigned to accommodate unique check valves, specially built to reduce clearance volumes. Rapid action time capacity when the pump is starting up. 2 Rapid action, mirror finish stainless steel check valves prevent corrosion and enhance high fluid dynamic efficiency. Easily accessible. 3 Innovative "V" and "U" packing sealing system designed with re-cycling area, assuring longer life of the seals, since the piston surface remains constantly clean. 4 Stainless steel plunger rod nitriding treatment resulting in a harder smoother surface for increased oil seal life 5 Oversized aluminium connecting rods (one piece unit), for maximum strength and perfect lubrication 6 Premium oversized bearings provide extended working conditions. 7 New die cast aluminium flange for close coupling with the motor

1 新泵体采用单向阀技术，减少间隙，提升低流量泵的启动速度。2 316不锈钢单向阀抵抗腐蚀性效果，易于检修。3 新连接系统“V”和“U”密封圈，能够持续保持柱塞表面

的清洁度，延长密封件使用寿命. 4 不锈钢活塞导轨，独特氮化和表面抛光处理，预防磨损，延长油密封圈使用寿命. 5 整体结构的连杆（一体式），由铝合金制成，机械强度高，可提供完美的润滑效果. 6 优质特大型轴承，能在极端工作环境下，优化使用寿命. 7 铝材料锻造的新型法兰，确保准确与电机连接.
