

Moly-Spray Dry Film Lubricant

产品名称	Moly-Spray Dry Film Lubricant
公司名称	上海恩莱保贸易有限公司
价格	400.00/支
规格参数	
公司地址	上海市松江区金高路2388号813室
联系电话	86-021-20228098 13391171050

产品详情

Moly-Spray Dry Film Lubricant is an air-drying, solid film lubricant convenient to apply and ready to use in minutes. It forms a thin dry film of molybdenum disulfide, which has a low coefficient of friction and effective corrosion resistance. It is non-oily, non-sticky, and will not cold flow, run, or drip. Moly-Spray Dry Film Lubricant performs under extremely heavy loads (10,000 psi), as a dry film lubricant for temperatures -300° to +750°F (-184° to +400°C), and up to 2400°F as an anti-seizing agent. Meets MIL-L-23398C specifications.

Features and Benefits:

Long lasting lubrication

Reduces friction, wear, and abrasion

Penetrates pores of substrate and bonds to surfaces

Excellent corrosion and chemical resistance

Quick drying, tight adhesion

Aerosol is CFC Free
