

、高品质耳塞、CE认证耳塞、SNR33分贝、可水洗

产品名称	、高品质耳塞、CE认证耳塞、SNR33分贝、可水洗
公司名称	富阳恒毅塑业有限公司
价格	.00/套
规格参数	型号:HY-85 材质:进口PU 连接线:无
公司地址	中国 浙江 富阳市 大源镇
联系电话	086 0571 63547856 13634132000

产品详情

型号	HY-85	材质	进口PU
连接线	无	颜色	橙色、柠檬黄、蓝色、荧光色
规格	13*24mm	品牌	恒毅
噪音降低率	33（分贝）		

最高性价比耳塞源于富阳恒毅塑业有限公司，专业的防噪音耳塞制造工厂！原创图文，请勿盗用！

富阳恒毅塑业有限公司是一家专业生产聚氨酯慢回弹防噪音耳塞、硅胶耳塞的企业，公司拥有自动化生产线，具有先进的生产工艺，严格按照iso9000质量管理体系操作，产品质量安全可靠。（厂家直销、低价高品质耳塞、ce认证耳塞、snr33分贝、可水洗）

【产品用途】本产品经正确佩戴后能显著降低周围环境的噪音污染。适用于各种声音嘈杂的环境：如施工现场、生产车间、乘坐车船、飞机、学习与睡眠。使用本产品能减轻噪音对听力的损伤，减少噪音对身体的危害，能提高学习效率，改善睡眠质量。

【产品性能】子弹型轮廓设计，表面光滑，经防污处理，佩带卫生、安全、柔软舒适，隔音效果佳。

【产品属性】

产品名称	材质	型号	规格	连接线	颜色	防噪音效果	外箱尺寸
慢回弹防噪音子弹型耳塞	高品质pu	hy-85	13*24	可定制	可定制	33db	52*42*40.5cm

【产品优势】回弹时间长，柔软度好，产品泡孔均匀、结构紧密，表面光滑、无粘性，防噪音效果好。进口原料制造、可反复清洗使用。

【产品包装】1付/袋，200付/盒，20盒/箱。（可根据客户要求定制包装）

包装方式参考图片：

【使用说明】

- 1、取出耳塞，用食指和大拇指将其搓细；
- 2、另一只手将要塞入的耳朵向上向外提起(这点很关键)并保持住，然后将搓细的耳塞圆头朝向耳朵，塞入其中；
- 3、用手扶住耳塞直至耳塞在耳中完全膨胀定型(大约要持续三十秒左右)。

【生产能力】本公司生产能力强，日产量可达20万付，交货期短，常规色产品有现货（橙色与黄色为常规产品）

【注意事项】慢回弹防噪音耳塞为一次性产品，不能清洗与重复使用，但是这款33分贝的耳塞是可反复清洗使用的。

【如何鉴别耳塞的好坏】

1.慢回弹效果

弹性太大，防噪音耳塞膨胀时压迫外耳道皮肤，可引起耳胀、耳痛等不适；弹性太小则不能与外耳道紧密接触，隔声效果降低。所以必须观察耳塞的回弹速度，回弹时间越长则质量越好。

2.柔软度

柔软度直接影响到耳塞佩戴的舒适程度

3.表面质感

有些耳塞摸起来黏黏的，戴在耳朵里还会粘住耳道的皮肤，应尽量避免购买。最好的鉴别方式就是把两只耳塞紧紧地粘在一起再分离，看他们分离的时间，越快越好。

本公司可根据客户的要求定制各种规格、颜色与包装的产品，欢迎新老客户来电咨询洽谈。

fuyang handy plastic co., ltd. is a professional manufacturer of polyurethane low rebound and anti-noise earplugs. the company has automated production lines with advanced production technology, accordance with iso9000 quality management system operation strictly. the product quality is safe and reliable.

【product purpose】

after right wearing, this product can significantly reduce the surrounding environment noise pollution. it is applicable to all kinds of sound noisy environment. such as: construction site, workshop, travel, vehicles, aircraft, learning and

sleep. this product can reduce the noise on hearing damage and health risks, can improve learning efficiency and sleep quality.

【product property】

bullet profile design, smooth surface by anti-pollution treatment, wearing health, safety, soft and comfortable, good sound insulation

【product nature】

name	material	model	standard
low rebound anti-noise earplug	pu	hy-85	13*24
connecting line	color	anti-noise effect	carton size
custom-made	custom-made	33db	52*42*40.5cm

【product advantages】

long rebound, good flexibility, foam products even , uniform structure, smooth surface without adhesive, noise effective

【product packing】

1 pair/ bag, 200 bags/box, 20box/carton

100 pair/ bag or case,5 bags or cases/carton

packaging can be customized according to customer requirements

【direction of use】

take out the earplug, with the index finger and thumb to rub fine;the other hand will be brought out stuffed up ears (this is important) and hold, then rub the small earplug round towards ears, stuffed them;hand on earplug until the earplug swelling shape is completely in the ear(about last 30 seconds)

【production capacity】

we have a strong production capacity, output up to 20 million pairs everyday. delivery time is short. conventional color products in stock. (orange and yellow as conventional color)

【attention】

low rebound and anti-noise earplug is a one-time products which can not wash and reuse

【how to identify the quality earplug】

1.low rebound effect

if it is too flexible, anti-noise earplug swelling suppression the canal skin, can cause ear swelling, earache and other discomfort. flexibility can not be too small to close contact with the external ear canal, noise effect will be reduced. so we must observe ear plug and play back the return time, the better the quality.

2.compliance

flexibility directly affects the comfort level of wearing earplugs.

3.surface texture

some earplugs feel sticky, they will stick the ear canal skin when you worn on. we should avoid buying. the best way to identify is sticking two earplugs together closely then separating them. the separation time is the sooner the better.

the company can be customized according to customer specifications, color and packaging of products. welcome new and old customers to consult and discuss with us.
