## 产品详情

型号	ZXB63	加工能力	双面单层
品牌	Zongxin	种类	纺纱机
锭距	280mm	适用纱线	棉、毛、涤化纤及混纺等 纱线

zxb63 double winder

1、该机是我公司自行设计制造的一种新型并纱机，可将两股或三股的纱线合并为一股。2、可卷绕成圆柱筒子，适用于棉、毛、涤化纤及混纺灯纱线的合股加工。3、zxb63并纱机实行机电一体化设计制造，结构简练，易于安装调试。4、操作方便，并具有中央电脑程序设置，单锭电机，电子定长，满筒自停，电子防叠，变频调速，单锭控制，断纱自停，各锭清零，数据记忆等功能。

1、 our company designed and made the machine. it is a new mode spinning machine.2、 the machine is able to double two or three yarns to one and clew for cotton, wool, chemical fiber etc.3、 zxb-63 doubler manufactured on electrical design, simple construction, easy mounting.4、 convenient operation and the machine has central computer device, spindle motor, length controlled by electrical, auto stop when spindle full, prevent recover by electrical, invert speed adjuster, single spindle controller, auto stop when yarn broken, spindles separate, digital memory,etc.
