

汽车中控台模具 数控铣床，高速精雕

产品名称	汽车中控台模具 数控铣床，高速精雕
公司名称	浙江海燕模具有限公司
价格	.00/个
规格参数	主要加工设备:数控铣床，高速精雕 加工设备数量:30 加工能力:大型模具
公司地址	台州市黄岩经济开发区西工业园区新前区块
联系电话	86 0576 4616806

产品详情

主要加工设备	数控铣床，高速精雕	加工设备数量	30
加工能力	大型模具	工艺类型	注射成型模
模具分型面数目	多个分型面	型腔数目	单型腔模具
模具安装方式	半固定式模具	适用范围	汽车
质量体系	ISO9001	排列方式	卧式
模具材质	德国1.2738		

我们为车厂的一级供应商提供模具。

此为今年（2010年）新上市的一款车型的副仪表台面板模具。

zhejiang haiyan mould co., ltd is located in huangyan, zhejiang, china, established in 1990, it is specialized in automotive part moulds, daily use product moulds, home appliances moulds and plastic parts. haiyan mould occupies about 16500 square meters, with more than 160 staffs, including 25 experienced engineers, 80 skilled tool makers. hasco, dme & lkm standards are adopted for different customer requirements, and cad/cam/cae systems have already been used to strengthen our technical advantage. during about 20 years development, haiyan mould has set its own mould standards and strict mould manufacturing process, each mould is run as project management, followed up by particular experienced engineer. 6s management system has been adopted for many years, haiyan mould is also iso9001 certified. adhere to the key concept of "innovation and constant improvement", based on the group work which we paid higher attention to, haiyan mould has established long-term business cooperation with customers from germany, usa, uk, france, italy and taiwan.
