产品详情

It contains extra large mineral particles that help provide a stable slip-resistant surface even when oil and mud are present. The open abrasive pattern resists clogging and reduces clean up time.

Suitable for use on agriculture and forestry equipment, ship and plane decks, trains, oily wet areas, machine shops, road building, civil engineering, lorries, tractors, construction vehicles, cranes, building equipment. It is particularly effective on concrete (painted and primed), resilient tile, metal and porous surfaces (if primed).

Features:

Anti-slip tape for extreme and heavy traffic areas

Extra-large abrasive particles resist clogging in muddy or oily conditions

Can be painted without losing friction properties

Suitable for use on agriculture and forestry equipment, road building, civil engineering, lorries, tractors, construction vehicles, cranes and building equipment
