

J21-100T Fixed Press

产品名称	J21-100T Fixed Press
公司名称	浙江双穗锻压机床有限公司
价格	.00/个
规格参数	类型:普通冲床 品牌:双穗 动力类型:机械传动
公司地址	瑞安市塘下镇海安东阳路32号
联系电话	86 0577 65270158 13736358088

产品详情

类型	普通冲床	品牌	双穗
动力类型	机械传动	型号	J21-100
主电机功率	11 (kw)	公称压力	1000 (kn)
喉口深度	400 (mm)	滑块行程	140 (mm)
控制形式	自动和点动	模柄孔尺寸	60*75 (mm*mm)
布局形式	立式	适用范围	通用
适用行业	通用	行程次数	38
作用对象材质	金属	产品类型	全新
是否库存	否		

j21-100t c-framefixed bolsterpresses

features: this presses is characterized by good universal performance. its body is of a fixed table, making the integral machine be characterized by good inflexibility and beautiful outlook. it adopts secondary drive, which is characterized by stable performance and lower noise. the internally inserted double rotating key clutch has single and continual operation standard to keep the slipper from " advancing ". the flywheel can be rotated with a lever to adjust the slipper at the connecting condition after the main motor is stopped. the inserted balancer can improve running smoothness and security. this presses series is characterized by beautiful outlook and convenient maintenance, ease of adjustment. it is widely used for punching, blanking, cutting, bending, forming, light stretching and so on.
