

短信型安防报警产品，报警主机外贸，安全防护报警

产品名称	短信型安防报警产品，报警主机外贸，安全防护报警
公司名称	北京冠川科技有限公司
价格	.00/个
规格参数	品牌:冠川 型号:WL-2003GSM 供电电源:----- (V)
公司地址	中国 北京 北京市 朝阳区
联系电话	86-010-86714596

产品详情

品牌	冠川	型号	WL-2003GSM
供电电源	----- (V)	通讯方式	-----
继电器驱动	-----	探头输入方式	-----
环境温度	----- ()	环境湿度	----- (%)
外形尺寸	----- (mm)	适用范围	-----
类型	防盗报警主机		

- 1、铝合金外壳，坚固耐用。
- 2、内置锂电池，交直流两用。
- 3、支持无线遥控器，实现布防、撤防或紧急报警，方便用户实际使用。
- 4、支持各种无线防盗探测器、红外对射栅栏、烟感、煤气感、紧急按钮等。
- 5、主机具有二路有线输入控制端，方便充扩连接各种有线报警设备。
- 6、主机可设5组不同的报警电话号码及房号信息，可向远端的主人、小区保安报警。
- 7、主机可向110联网报警中心报警、地图显示。
防等。
- 8、用户使用电话或手机打入主机，通过键盘操作实现远程遥控
- 9、采用三频gsm900mhz、1800mhz、1900mhz无线网络，向外报警不受有线电话网络限制。

10、支持gsm/cdma手机发送短信给主机，实现远程遥控主机布防、撤防等。

11、全无线系统，不用布线施工，安装方便。适用于车库、仓库等有线网络不到的场合。

how understand the fundamental functions of the lead

plane 1, the lead plane adopts two frequency, four frequency gsm

/gprs industry modules, stability reliably, the whole

world all can use. 2, support gsm/cdma mobile phones, compatible

middle/english to we information the function of the

alarm, meet the police and cloth displacement withdrawing

from a defended position. 3, may set up 5 sets of consumer telephone number. 4, may set up 1 set of alarm center telephone number

holding house number information. may manage center made

to the district security, alarm management center warning to housing estate. 110 networked alarming. 5, special circumstances of the time may set up centre

telephone numbers, consumer organizing defence 1 set

organizing defence prompt to the centre telephone

dialing organizing defence.

6, may set up 1 set withdrawing from a defended position

centre telephone number, the consumer is met to withdrawing from a defended position when withdrawing

from a defended position centre telephone dialing

prompts.

7, the scene monitors a function: can hear the scene

pronunciation. person actions sounds such as walking about,

digging, prying limpidly. 8, scene correct talk function: can shout words, duplex

operation correct talk to scene personnel.

9, lead plane interruption of power supply hint function

(when the inner has reserving battery): alternating

current blackout, the incoming telegram short message to

inform a consumer. 10, organize a defence, give an alarm, go to the lavatory

go out and organize a defence, withdraw from a defended

position or emergent by the fact that wireless remote

control implement, may be at home pragmatic.

11, remote control outputs by the fact that the strange

land type telephone goalong remote control scene

organizing a defence. withdraws from a defended

position. monitors, lead plane function interpose and so

on.

12, may wait by the fact that sending fault believing

that the scene carrying out remote control organized a

defence. withdraws from a defended position.

monitors. remote control output, the lead plane function

interposes.

13, the host can pass calling or sends out a short

message. long-ranger remote control two roads

output. control room lamp light. air-conditioning switch

etc.

14, the lead plane has 3 roads having a line to import controlling end. open away, short circuit detecting

is equal link wired various warning facilities

conveniently.

15, the lead plane has 16 roads various wireless (the

wireless feel to shooting feeling, the coal gas on

fence. cigarette, emergent probe button guarding against

theft waits)

16, when the lead plane has warning the pilot relay

output end, go set to the lavatory but gear power

source. plan recording etc. works. 17, the lead plane has password operation. ensures system

safety. 18, the circumferential lead plane trumpet

interface. silence/policewhistlesound warning change. 19, bus guards against 3-wire defence area of

road. 16 wireless road defence area of lead plane without

exception but alone. convenient area is put into use.

20, the lead plane may match built-in battery-

pile. deliver direct-current automatic switching. automation battery charging system ensures the

regular job blackout. 21, entire wireless system, non-utility arrangement of

wire. installation go to the lavatory. apply to the local

having the line network to be able to not get to such as

garage. storehouses especially.
