main features

each cabinet is designed to be used with specific uv lamp models, which fits snugly on top of the cabinet

mini viewing cabinets are constructed with a metal base and plastic top

the bottom panel of the cabinet is removable

a contrast control filter absorbs uv energy to protect the eyes

soft rubber view port provides a comfortable viewing area with adequate space for eyeglasses

lightweight access curtain blocks out external light from the cabinet interior

cabinet models:

the c-10 accommodates the rechargeable lamps which are excellent for field use applications

use the c-10 with compact and handheld uv lamps

the c-10e4 is designed for use with the 4-watt series lamps

the c-10e6 is designed for use with the 6-watt series lamps

the c-15g cabinet combines the c-10 cabinet with the uv gl-58 multi-band short wave/long wave handheld lamp to provide a self-contained illumination system
