shantou donghai chain factory was established in 1994, located in shantou industry park. we are one of the most professional manufacturers of industrial chains in china.

following iso, din or ansi standard, our products line covers:

a and b series roller chains.

conveyor chains, with or without attachments.

bicycle chains

special chains.

connecting links, offset links.

non-standard chains as per customers ' requirements or drawings.

screwdriver

self tapping screw.

other hand tool.

they are widely used for conveyor machinery, agricultural machinery, cement machinery etc.

thanks for strong supports from technical and producing depts, we insist to offer high level products for customers.

all products are made by advanced technology and pass strict quality examination.

our policy is to satisfy customer's demands with the best products and services.
