silicone bracelet story:

silicone bracelet was first popular in the united states, the world"s first silicone wristband is a yellow "livestrong", all the people wearing the bracelet"s common goal is to resist the disease of cancer, so that life is more robust.

since then, due to silicone bracelet with green, non-toxic, tasteless, and good elasticity, easy to wear, etc., gradually developed into a popular jewelry, deeply loved young friends, and now the epidemic has spread throughout the world.

today, wearing colored wristbands have become a resounding declaration to support charity. to support the 2007 special olympics held in shanghai, mcdonald"s brand ambassador, nba giant yao ming, a small aloud, "do not underestimate your own declaration." yao ming will be engraved on his own reflections on the wristband in different colors and with the olympic champion guo jingjing, peng bo, chess world champion zhu chen, figure skating shen xue and zhao hongbo, the former gymnastics champion mo huilan and other famous athletes together, call us together with "inspirational wristbands" to contribute to special olympics. in eight color-coded wristband, the yao fans said the eight positive attitude towards life.

: blue stands for "high gas ang chi" - the pursuit of equality, tolerance and lofty ideals, so live his life more meaningful; green expression "do not make excuses" - to eliminate differences, to break the barriers and everyone is duty-bound; pink mean in the first "fanciful" - imagine that the world"s top-line has always been the driving force; orange to tell you.

"to singled out bar" - to challenge their own challenges in others, more than courage; red and promoting a "lofty determination" - people jump even higher, but also jump, but soaring ambition to join the inner; yellow declared that "the dream is never too big" - as long as the a dream, everything can become a reality.
