

# 西班牙专线COD物流小包、COD快递

产品名称	西班牙专线COD物流小包、COD快递
公司名称	深圳市森鸿国际物流集团有限公司营销部
价格	28.00/KG
规格参数	品牌:西班牙COD小包物流 主营业务:西班牙COD一件代发 服务:海外仓一件代发COD
公司地址	宝安区沙井街道马安山社区鞍胜路35号1层-东
联系电话	18688726501 18688726501

## 产品详情

国际物流对于外贸人的重要性不言而喻，因此，做国际贸易行业大家不仅要了解国际贸易知识，而且还需要了解国际物流的相关知识。物通网将着重为大家分享国际空运的打板知识，希望对大家有所帮助。

很多做航空物流的人估计对于空运打板这个词的理解都是比较模糊的。打板通俗的理解就是：飞机装货仓前，先把货物按照一定的规格装到集装器上，然后，再统一装进飞机货仓里（类似海运装箱）。

所用的板是从航空公司领来，并专门用于装货，每块板都有自己的编号，以便跟踪查询装在上面货物的情况。

货代公司通常就与航空公司签署了包板协议，与航空公司是按板结算，这样可以根据货物的重泡自己决定如何分配，可以实现重泡搭配效益\*大化，获取\*大的利润空间。通常与航空公司签署包板协议是货代公司实力的一种体现。因为，只有拥有巩固的客户货源，雄厚的业务力量，强大的承运、订舱实力，才能更好的灵活分配货物，以达到\*大利润。

板有一定的规格，有大板（318\*244）小板（318\*224）等等，登入相关航空公司的网站基本都可以查到。至于打板的要求按你要到的舱位而定。如果你拿到的是低板，低板可装到1.6M平高（一般低板大板可装8-10方的货，要看货物是托盘还是散货），中高板要是747货机的一般是2.4M平高，要是MD11货机要1.6M收口，具体看机型以及各家航空公司的要求。

现在空运货物打板，都是由货运代理公司以及包板商去做，客户只要了解这个概念就行。货代公司与航空公司是按板结算的，只要保证每板装满，空运费用可以节省很多，客户也能得到很多实惠。目前包板（包仓）多数是空运专线，这也是空运专线比一般空运货运便宜的原因之一。

Analysis of the development of third-party logistics

Logistics from the English word "logistics", the original intent of the military logisticssupport, in the second side after

World War II has been widely used in the economic field.

Logistics Management Association of the United States is defined as the logistics, "Logistics is to meet the needs of consumers of raw materials, intermediate products, final products and related

information to the consumer from the beginning to the effective flow and storage, implementation and control of the process of . "

Logistics consists of four key components: the real flow, real storage, and management to coordinate the flow of information. The primary function of logistics is to create time and space

effectiveness of the effectiveness of the main ways to overcome the space through the storage distance.

Third-party logistics in the logistics channel services provided by brokers, middlemen in the form of the contract within a certain period of time required to provide logistics services in whole or in part. Is a third-party logistics companies for the external customer management, control and

operation of the provision of logistics services company.

According to statistics, currently used in Europe the proportion of third-party logistics services for 76 percent, the United States is about 58%, and the demand is still growing; 24

percent in Europe and the United States 33% of non-third-party logistics service users are actively considering the use of third-party logistics services. As a third-party logistics to improve the speed

of material flow, warehousing costs and financial savings in the cost effective means of passers-by, has become increasingly attracted great attention. First, the advantages of using a third-party logistics The use of third-party logistics enterprises can yield many benefits, mainly reflected in:

1, focus on core business

Manufacturers can use a third-party logistics companies to achieve optimal distribution of resources, limited human and financial resources to concentrate on their core energy, to focus on the development of basic skills, develop new products in the world competition, and enhance the core competitiveness of enterprises.

2, cost-saving

Professional use of third-party logistics providers, the professional advantages of mass production and cost advantages, by providing the link capacity utilization to achieve cost savings, so that enterprises can benefit from the separation of the cost structure. Manufacturing enterprises

with the expansion of marketing services to participate in any degree of depth, would give rise to a substantial increase in costs, only the use of professional services provided by public services, in order to minimize additional losses.

University of Tennessee in accordance with the United States, United Kingdom and the United States EXEL company EMST & YOUNG consulting firm co-organized a survey: a lot of cargo that enable them to use third-party logistics logistics costs declined by an average of 1.18 percent, the average flow of goods from 7.1 days to 3.9 days, stock 8.2% lower.

3, reduction of inventory

Third-party logistics service providers with well-planned logistics and timely delivery means, to minimize inventory,

improve cash flow of the enterprise to achieve cost advantages.

#### 4, enhance the corporate image

Third-party logistics service providers and customers is a strategic partnership, the use of third-party logistics provider of comprehensive facilities and trained staff on the whole supply chain to achieve complete control, reducing the complexity of logistics, through their own networks to help improve customer service, not only to establish their own brand image, but also customers in the competition.

国际货运运输的风险较大。由于在国际货运运输中环节多，运输距离长，涉及的面广，情况复杂多变，加之时间性又很强，在运输沿途国际形势的变化、，各种自然灾害和意外事故的发生，以及战乱，都可能直接或间接地影响到国际货运运输，以至于造成严重后果，因此，国际货运运输的风险较大。为了转嫁运输过程中的风险损失，各种进出口货物和运输工具，都需要办理运输保险。
