ALM BEACH, FL—In a series of posts shared to social media platform Truth Social, Donald Trump reportedly urged Dr. Mehmet Oz this week to declare victory against Joe Biden in the 2020 presidential election. “Dr. Oz, you must not let the election officials steal the presidency from you,” said Trump, who called upon the Republican Senate primary candidate to “go to the Supreme Court” if officials trieNAW, MI—Gesturing grandly toward the dust-covered assembly line as he declared that nothing, absolutely nothing, could stop the nation from crumbling, President Joe Biden touted the resiliency of American decline Tuesday while touring a factory that had been closed for decades. “As I stand here in this shuttered auto factory where 2,000 workers lost their jobs in the mid-’90s so General Motors could save money by outsourcing their positions overseas, I am reminded that no matter what happens, the United States will always foster the conditions for its own demise,” the president said during the 90-minute tour of the crumbling, derelict factory, adding that the shuttered plant was a perfect example of the kind of local political and economic crises that were destroying the nation one community at a time. “This abandoned factory is

a perfect symbol for a nation that will stop at nothing to drive itself d to call the race in Biden's favor. "This is the moment where you can really show your strength. Don't let them cheat you out of this—you must do whatever it takes, President Oz, to hold on to this victory. The White House is yours."

At press time, sources confirmed Trump was pressuring Republican officials across the country to certify Oz's win.
