美国fei号是什么 Firm Establishment Identifier (FEI)

FACTS automatically generates a 10-digit FEI number under the firm build screen when a new firm is added. Firms previously in FIS retained their original 7-digit CFN which, in most cases, also became their FEI number. The old CFN can be viewed under the cross-reference viewing screen in FACTS. See Appendix IV, General Rules and Guidance for Assignment of Firm Establishment Identifiers, for assignment rules of FEI numbers.
