

猴痘临床实验办理，猴痘病例患者应对措施

产品名称	猴痘临床实验办理，猴痘病例患者应对措施
公司名称	国瑞中安集团-实验室
价格	.00/个
规格参数	
公司地址	深圳市光明区凤凰街道塘家社区光明高新产业园2号楼1层
联系电话	15815880040 15815880040

产品详情

1,Discharge standard出院标准

If you meet the following criteria, you can be discharged from the hospital: your temperature is normal, your clinical symptoms are significantly improved, and scabs fall off.符合以下标准可以出院：体温正常，临床症状明显好转，结痂脱落。

2,Prevention and control of infection in medical institutions

医疗机构内感染预防与控制

Suspected and confirmed cases should be placed in isolation wards. Suspected cases are isolated in a single room.

疑似病例和确诊病例应安置在隔离病房。疑似病例单间隔离。

Medical personnel shall implement standard prevention, take contact prevention and droplet prevention measures, wear disposable latex gloves, medical protective masks, protective masks or goggles, disposable isolation clothes, etc., and do good hand hygiene at the same time.

医务人员执行标准预防，采取接触预防、飞沫预防措施，佩戴一次性乳胶手套、医用防护口罩、防护面屏或护目镜、一次性隔离衣等，同时做好手卫生。

Strictly disinfect the patients' secretions, feces and blood pollutants in accordance with the technical specifications for disinfection of medical institutions.

对患者的分泌物、粪便及血液污染物按照《医疗机构消毒技术规范》进行严格消毒处理。
