

轴承超声波清洗机 克力 五金行业

产品名称	轴承超声波清洗机 克力 五金行业
公司名称	张家港克力超声电器有限公司
价格	.00/个
规格参数	品牌:克力 适用领域:五金行业
公司地址	中国 江苏 张家港市 张家港市 杨舍镇 河东路 41 号
联系电话	86-0512-58127799

产品详情

品牌 克力 适用领域 五金行业

kldqjx series fully-automatic multi-arm ultrasonic cleaning line

operating process

feeding ultrasonic cleaning bubble rinsing ultrasonic fine cleaning hot-dipping rinsing hot-wind drying
discharging

the equipment adopts plc control multi-arm manipulator to feed automatically, operate automatically and clean every position. it enjoys high efficiency, superb cleanness, and adjustable working speed. it can reduce labor intensity, cutting down intermediate links, and finishing the whole process on the production line from cleaning to drying.

feature of structure

fully stainless steel structure, acid and alkali resistant, all-enclosed frame to ensure excellent operation environment, and nice in shape;

planer multi-arm manipulator functions stable, positions accurately and operates effectively;

plc computer control, human computer interface touch panel operation;

liquid-level protection, automatic constant temperature heating, filtering circulation, oil-water separation;

automatic feeding and discharging platform, convenient for feeding or discharging work-pieces;

equipped with throwing movement (rotation) cleaning function to ensure equal cleaning, avoiding the blind spots.
