

成型机 伟业机械 电动

产品名称	成型机 伟业机械 电动
公司名称	台州市椒江新伟业塑胶机械有限公司
价格	.00/个
规格参数	品牌:伟业机械 型号:FX-650 形式:电动
公司地址	台州市椒江区三甲街道洪三路518号
联系电话	86 0576 88111118-88111018-88111168 013505767126

产品详情

品牌	伟业机械	型号	FX-650
形式	电动	电源电压	// (V)
送料形式	电动		

f930触摸屏 f930"s touch scree.

本机使用f930三菱中文触摸屏.参数设定.监控.计数.故障自我判断.使操作人员很快熟悉各项参数修改。 this machine adopts f930 mitsubishi chinese touch panel that has the features of parameter setting,monitoring,counting and failure self-judging. operator can easily be familiar with the modification of variours parameters.

配电柜 electricity distributing ark

- 1.使用三菱plc具备工艺参数存储和调用功能所有参数设定方便直观。
- 2.温控：使用智能表和模块精密控制各段工艺温度。 1.it adopts mitsubishi plc and has the function of parameters saving and calling.all the parameters can be set easily and intuitionisticly.
- 2.temperature control:smart apparatus and module are used to precisely control process temperature of eac part

fx-650成型机功能与配置function and configuration of fx-650 shaping machine
工型机功能与配置1.采用日本三菱plc可编程控制和10du人机界面，主要工艺参数设定方便直观。2.冲床采用先进液压系统驱动模板更快速。3.伺服驱动送片，使送料更标准。4.利用智能温控仪使温度控制更标准。5.采用日本smc气动元件。
ii型机功能与配置1.采用日本三菱plc可编程控制。2.采用中文触摸屏所有控制。设定监控。计数。故障自我判断。3.双成型气阀。4.加长烘箱。

1.japan mitsubishi plc programmable control and 10du human computer interface is adopted.main process parameters can be set conveniently and intuitionisticly.2.hydraulic driver module is adopted for driving the punch, the efficiency is high.3.actuator for sheet delivery is adopted to insure the control more standard.4.smart temperature controller is adopted to insure the control more standard.5.japan smc pneumatic components are available.
function and configuration of ii model machine1.japan mitsubishi plc programmable control and f930 chinese touch screen is adopted and it has the function of all control,setting,monitoring,counting and failure self-judging.2.double molding air valve3.double molding air valve4.lengthened oven
