

PCBA fast prototype and PCBA copy board

产品名称	PCBA fast prototype and PCBA copy board
公司名称	深圳市龙翔智汇科技有限公司
价格	面议
规格参数	
公司地址	Room 318,Zhihuichuangxin center,Qianjin second road, xixiang street,Baoan district,Shenzhen,518000
联系电话	86-075523572028/27319980 18088886258

产品详情

pcba components assembly

1.fr4 with lead-free hasl

2.2-layer with green solder mask

3.1oz copper thickness

4.0.8mm board thickness

pcb process capability

- processing layers:1-28 layers
- finished thickness (thinnest - the thickest): 0.008 " ~ 0.24" (0.20mm ~ 6.0mm)
- minimum aperture: 6mil (0.15mm)
- minimum line width / spacing :3-4 mil (0.076-0.10mm)
- maximum board size: single & double 22 "x 43" (550 x1100mm), multi-layer 22 "x 25" (550mm x 640mm)
- impedance control: \pm 10%
- surface treatment: osp, hasl, electric nickel / gold, chemical nickel / gold, lead-free hasl , gold finger, immersion silver, immersion tin.

- base materials: fr4 (shengyi, kb, international), high tg (tg150, tg170), halogen-free board (halogen-free), high frequency plate (rogers, teflon, taconic), made ptfe (ptfe) ,, al aluminum plate (berquist, al-made basis), copper (cu base), iron (fe base), ceramic substrate (ceramic base)

good service for pcb assembly .also provide the testing service.

a)being a pcb producer, we always have a very close relationship with the design

b)as a result, we are in a very good position in supplying not only just pcb , but al so assembly

the whole product for you

c)instead of sourcing separate producer for pcb and assembly, it is better to choose a manufacturer that can do both things.

d)we always do our best price best quality and best service in pcb and pcba for you.

excellent and high quality control

prompt delivery

small order acceptable

perfect craft procedure

customer's designs are welcome
