

燃料电池 氢燃料电堆组装加压气密一体机

产品名称	燃料电池 氢燃料电堆组装加压气密一体机
公司名称	杭州欧森科技有限公司
价格	760000.00/件
规格参数	品牌:欧森 型号:燃料电池 产地:浙江
公司地址	杭州市余杭区余杭街道文一西路1818-1号1幢中国杭州5G创新园4楼435室
联系电话	0571-87208795 13515812301

产品详情

应用描述：

本设备适用于氢燃料电堆组装加压气密检测

功能特点：

整机布局合理紧凑、美观

系统采用PLC自动控制，运行稳定，关键部件采用进口品牌

适用于范围内各种电堆高度组装、加压，界面友好，方便操作

气密自动检测、数据后台自动存储

本系统主要有：

伺服加压机构、气密检测系统、配备高精度的装堆工装，在行业有成熟的应用案例，可根据客户需求进行定制

欢迎随时询单！！

Application Description:

This equipment is applicable to pressurized air tightness detection of Hydrogen fuel stack assembly

Functional features:

The overall layout is reasonable, compact, and aesthetically pleasing

The system adopts PLC automatic control, stable operation, and key components adopt imported brands

Suitable for assembly and pressurization of various stack heights within the scope, with a friendly interface and convenient operation

Automatic airtightness detection and data backend automatic storage

This system mainly includes:

Servo pressurization mechanism, airtight detection system, equipped with high-precision stacking tooling, with mature application cases in the industry, which can be customized according to customer needs

Welcome to inquire at any time!!
