

K(Q)胶 2G66 德国巴斯夫 医疗食品级

产品名称	K(Q)胶 2G66 德国巴斯夫 医疗食品级
公司名称	东莞市塑正塑化有限公司
价格	28.00/千克
规格参数	K胶:K胶 2G66:2G66 巴斯夫:巴斯夫
公司地址	广东省东莞市樟木头镇先威路75号12栋118室
联系电话	13592777159 15217378667

产品详情

K(Q)胶 2G66 德国巴斯夫 医疗食品级

Styroflex 2G66

Styrene Butadiene Block Copolymer

INEOS Styrolution Group GmbH

产品说明：

Styroflex 2G66 is a styrene-butadiene block copolymer (SBC) with the properties of a thermoplastic elastomer (S-TPE) suitable for extrusion (blown and cast film) and for injection molding. Styroflex 2G66 is also used for polymers modification and compatibilization. It is more polar than comparable SBS or SEBS grades and offers a combination of high resilience and toughness with good transparency and process stability.FEATURES

Excellent thermostability

Very high elongation at break

High resilience

High transparency

Regulatory compliant

APPLICATIONS

Food packaging and films

Stretch hood/ stretch film

Impact modification / ESCR improvement

Compounding, compatibilization & recycling

Medical devices

物性信息：

基本性能号
特性

[E108538-100840239](#)

Block Copolymer

良好的加工稳定性

清晰度，高

热稳定性，良好

韧性良好

延高的拉伸率

有弹性

Blown Film

用途
