DHL launches a limited fashion collection with fashion designer Christy Ng. This is the second collaboration between the logistics company and the Malaysian artist, following last year 's quickly sold-out and exclusive premier collection. The second collection will feature 11 items, and it will be available at <a href="https://www.ChristyNg.com">www.ChristyNg.com</a> with DHL exclusively shipping all orders.

For this edition, Christy Ng was inspired by the dedication of DHL employees to deliver packages and connect people across the world, and it is reflected in her playful interpretation of DHL 's corporate colors and logo.

"We are delighted to collaborate with Christy Ng again it is an honor to have her create these fashion items. These will honor DHL 's employees who tirelessly work to offer the best possible service to customers and retailers. We run a worldwide logistics network that connects people across continents, facilitating global trade and the sense of adventure in her design reflects what we do, "says Saurabh Kumar, Managing Director, DHL eCommerce Solutions Malaysia.

Following DHL's standards and values on sustainability, the production of the DHL x Christy Ng collection focused on reducing the use of single-use plastics while keeping costs down and the pieces affordable. All items are unisex and made of high-quality, sustainable materials. The two jackets, two tote bags, two grocery bags and the backpack are customizable: customers can add different flags to a velcro patch on the jackets or use the embroidery and vinyl heat press service to add their name or a slogan. Additionally, Christy Ng designed a card holder, a lanyard, a pair of sliders, and a thermos water bottle.

" I had a lot of fun designing this collection. I wanted to use DHL's corporate colors in a fun, fashionable way. This collection focuses more on the "traveler and adventurer" aesthetic – a nod to the youthful verve typically

associated with it. DHL travels the world to deliver packages, rain or shine - and this collection is a tribute to all DHL employees who are always there for us," says Christy Ng.
