

# AUTRONICA探头

|      |                          |
|------|--------------------------|
| 产品名称 | AUTRONICA探头              |
| 公司名称 | 秦皇岛万世机电设备有限公司            |
| 价格   | 面议                       |
| 规格参数 |                          |
| 公司地址 | 秦皇岛市海港区和平大街运兴大厦303室      |
| 联系电话 | 0335-7925055 13933610619 |

Autronica Panels

控制盘

| Article Code | Description                                      |
|--------------|--|
| BX-10M       | Fire alarm control panel - conventional          |
| BX-20        | Fire alarm control panel - conventional          |
| BX-40        | Fire alarm control panel - conventional          |
| BV-1         | Fire alarm control panel - conventional          |
| BS-100       | Fire alarm control panel - addressable           |
| BS-200M      | AutoPrime fire alarm control panel - addressable |
| BS-310M      | AutoSafe fire alarm control panel - addressable  |
| BS-320M      | AutoSafe fire alarm control panel - addressable  |
| BS-330M      | AutoSafe operator panel - addressable            |
| 5000         | AutoMaster presentation system                   |

Autronica Smoke Detectors

烟气探头

| Article Code | Description            |
|--------------|------------------------|
| BJH-20B      | Ion smoke detector     |
| BJH-20B/EX   | Ion smoke detector     |
| BHH-25       | Optical smoke detector |
| BHH-26       | Smoke detector         |
| BHH-31A      | Smoke detector         |
| BHH-31A/EX   | Smoke detector         |
| BHH-31A/S    | Smoke detector         |
| BHH-31A/S/Ex | Smoke detector         |
|              |                        |

|              |                   |
|--------------|-------------------|
| BJH-33       | on smoke detector |
| BJH-33/EX    | on smoke detector |
| BHH-200      | Smoke detector    |
| BHH-300      | Smoke detector    |
| BHH-500      | Smoke detector    |
| BHH-500/EX   | Smoke detector    |
| BHH-500/EXE  | Smoke detector    |
| BHH-500/N    | Smoke detector    |
| BHH-500/S    | Smoke detector    |
| BHH-500/S/EX | Smoke detector    |
| BHH-500/S/N  | Smoke detector    |

Autronica Heat Detectors

温度探头

| Article Code | Description   |
|--------------|---------------|
| BDH-20       | Heat detector |
| BE-23        | Heat detector |
| BD-25        | Heat detector |
| BD-26        | Heat detector |
| BD-26/EX     | Heat detector |
| BD-27        | Heat detector |
| BD-27/EX     | Heat detector |
| BEH-30       | Heat detector |
| BDH-200      | Heat detector |
| BDH-300      | Heat detector |
| BDH-500      | Heat detector |
| BDH-500/EX   | Heat detector |
| BDH-500/EXE  | Heat detector |

|           |               |
|-----------|---------------|
| BDH-500/N | Heat detector |
| BD-501    | Heat detector |
| BD-501/N  | Heat detector |
| BD-502/EX | Heat detector |

## Autronica Flame Detectors

### 火焰探测器

| Article Code              | Description                               |
|---------------------------|---|
| 20-20L                    | UV/IR flame detector                      |
| 20-20R                    | <a href="#">Single IR flame detector</a>  |
| 20-20U                    | UV flame detector                         |
| MS-302                    | IR flame detector                         |
| 601F-M                    | Point flame detector                      |
| <a href="#">601FFEX-M</a> | Intrinsically safe point flame detector   |
| NS-DUV                    | UV flame detector                         |
| X-22                      | AutoFlame UV flame detector               |
| X-33AF                    | AutoFlame multispectrum IR flame detector |
| X-52                      | AutoFlame UV/IR flame detector            |
| X-98                      | AutoFlame IR flame detector               |
