

# TN1015 Digital minilab

产品名称	TN1015 Digital minilab
公司名称	济宁市通联电器厂
价格	.00/个
规格参数	
公司地址	中国 山东 济宁市 吴泰闸路107号
联系电话	86-05372332869 18953760577

## 产品详情

tn1015 digital minilab

--	--

characters:

tn1015 digital minilab is using germany ' s technology, ldd exposure system, 9 micro-movement, the function is steady and the photo quality is sharpness and colorful, gradation plentiful . the definition is high. special pele-centric lens made the photo smooth and nice.

tn1015 digital minilab has the special digital processing software, it has the function of correcting the photo color density, sharpness red eye removal. each photo of color step, curve can be corrected, id photo can be auto-typeset. and it is adjusted for the high light and low light contrast. provide function such as id photo, black and white photo, traditional photo, index photo, image editing, cropping, etc.

use the precise densitometer to auto-correcte gray equal and make the sensitive curve, in order to meet the high quality, high precision control requirement.

windowsxp operation system, it is very easy to operate , the mouse and keyboard can be replaced eachother .

single photo cutting with stagger roller and feed paper automatically.

vacuum feed paper and the wind power can be adjusted, this style is suitable for different area, different season

and different type of paper.

the chain wheel of tank has the clutch with patent to protect the equipments and improve the tank ' s processing and prolong the using life.

specifications:

resolution:520dpi(3.5" × 5")

exposure : ldd(lcd+led matrix)

print size : 3.5"x5" ~10"x15" (254x381mm)

photo direction : auto-rotate

lens : special tele-centric lens

paper width: 3r ~10r

paper length : 70mm - 381mm

print time : 3 ' 10 " ( from dry to dry,cd30s )

image modify : color、 density、 high and low light contrast、 sharpness、 saturation、 colorstep、 gamma etc.

image input:cf sm mmc/sd card、 digital camera, mobile、 scanner、 cd、 memory stick ,internet etc.

processing technique: ra-4 (equivalent)

replenishment : pc control, auto-replenishment

tank volume : cd 11.8l ,bf 9l ,stb 19.1l(3tanks)

power supply : ac 220v 50hz 2.5kw weight : 456kg ( without chemical ) dimensions : 1460mm ( l ) × 770mm ( w ) × 1667mm ( h )
