## 产品详情

### 迷彩彩钢瓦 彩钢瓦楞板

彩钢板金属制品现如今应用愈来愈广泛，产品遍布，生产厂家越来越多，彩钢板在建筑行业地位不可或缺。彩钢板产品具有可靠性、安全性、环保性、耐久性、保温性、隔热性、装饰性、耐候性、适应性、吸音性、防腐性、防火阻燃等性能。同时具备轻质、加工周期短、易安装、易运输、易拆卸、抗震等周多优势，彩钢板产品赢得越来越多的用户认可和信赖。

### 彩钢瓦规格参数：

产品名称：0.5mm厚彩钢板

产品厚度：0.5mm厚

产品类别：单层压型彩钢板

产品颜色：海蓝、白灰

加工工艺：连续生产，可带料加工

外观长度：以建筑物尺寸下料加工

安装方式：屋面搭接式、墙面插接式

产品型号：840型、900型

有效宽度：840mm、900mm

展开宽度（mm）：1000 mm

其他功能：本产品可作为夹芯板的内、外板使用

Camouflage color steel tile color steel corrugated boardColor steel plate metal products are now more and more widely used, with more and more manufacturers. Color steel plate is indispensable in the construction industry. Color steel plate products have reliability, safety, environmental protection, durability, thermal insulation, thermal insulation, decoration, weather resistance, adaptability, sound absorption, corrosion resistance, fire resistance and flame retardancy. At the same time, it has many advantages, such as light weight, short processing cycle, easy installation, easy transportation, easy disassembly, and seismic resistance. Color steel products have won more and more user recognition and trust.Specification parameters of color steel tile:Product name: 0.5mm thick color steel plateProduct thickness: 0.5mm thickProduct category: single-layer profiled color steel plateProduct color: sea blue, white grayProcessing technology: continuous production, processing with materialsAppearance length: cutting and processing according to building sizeInstallation method: roof lapping type, wall plugging typeProduct model: 840, 900Effective width: 840mm, 900mmUnfolded width (mm): 1000 mmOther functions: this product can be used as the inner and outer panels of sandwich panels
