

江苏常州市供应金马水性压铸脱模剂 铝合金 锌合金脱模 外脱模剂

产品名称	江苏常州市供应金马水性压铸脱模剂 铝合金 锌合金脱模 外脱模剂
公司名称	常州市金马耗材有限公司
价格	面议
规格参数	
公司地址	江苏常州市天宁区中吴大道
联系电话	15906121702

产品详情

主要用途：铝、锌、镁合金压铸脱模

1、高温附着性能及润滑性非常好，分型脱模能力强，对深腔轴芯，铸件复杂的模具，脱模效果明显。

The heat adheres to the function and lubricities very good,divide the type to take off the mold ability strong,to the deep antrum stalk core,a complicated molding tool,Take off the mold result obvious.

2、成模均匀，对铸件不产生水花纹，表面光亮洁白、品质高、废品少。

Become the mold even,don't produce the wood grain of water to the piece of casting,the surface is shining and pure,the quality is high and discards the article little.

3、能有效保护模具，不会腐蚀模具和铸件，对铸件后续加工无影响。

Ability valid protection molding tool,will not decay the molding tool and piece of casting,p rocess to have no influence to a follow-up of casting.

4、使用方便，稀释简单，乳化均匀，普通自来水稀释80-150倍。

The usage is convenient,the dilution is simple,emulsify even,common running water dilution80-15000%

5、无损害人体健康及污染环境的气体，使用安全。

Did not injure the human body health and pollute environment of air,use the safety.
