磁铁(磁吸玩具)商品所需16CFR1262测试标准详解 磁铁 (磁吸玩具) 商品所需ASTM F3458、16CFR1262测试标准详解

磁力玩具是一种由塑料或其他材料制成的儿童玩具。它们一般在商品内嵌有或在两端贴有高性能磁铁。可能会随时要求提供磁性商品的安全文件，以确认其是否合规。根据政策的要求，通过网站销售的磁性玩具必须符合特定的认证标准

Amazon made a policy change in response to the U.S. Consumer Product Safety Commission ' s (CPSC) new Magnets Rule, which applies to a broad category of products including magnets used for jewelry, mental stimulation, or stress relief. However, please note that the CPSC ' s new Magnet Rule does require applicable magnet products manufactured after October 21, 2022 to comply with the requirements found in 16 CFR part 1262. Compliance documentation for new inventory manufactured after October 21, 2022, showing compliance with the new rule, must be made aivable upon request. We advise you to acquire such documentation in the meantime. If you fail to provide it when requested, your inventory may be removed or destroyed per your Amazon services business solutions agreement or in accordance with your Automated Stranded Inventory settings.
