中远通达商务中心通过6年的发展，朝阳、海淀等地拥有四个独立的商务办公中心，每个中心配备了高端办公设备及专业服务团队为成长中的小、微企业提供全方位的孵化式服务，中远通达的业务范围除了服务式办公间、公共办公席位、公共会议室以外，还为企业提供更多多元化的商业服务，其中包括工商代理注册、代理记账、行政外包、管理培训、企业发展专项培训、法律咨询、融资咨询、上市咨询辅导等，中远通达搭建的孵化平台能更大程度的满足企业办公的灵活性、成本可控的需求，帮助小、微企业及创业者降低成本，提高效率。华腾北塘商务大厦为布局建筑采用后现代风格形式，总建筑面积50430平方米，地上24层，地下4层。地下1-4层为地下车库，地上、地下共290个车位，全面满足商务客户的需要。地上1-2层为商业用房层高4.5米，首层400平方米大堂，9米挑高，酒店式精装修，简洁舒适，为客户营造出恰如其分的商务氛围；3-24层层高3米，其中3-13层为单元式办公间，采用8米开间标准间，并可进行组合，方便使用；14-24层为商住式公寓，40-400平方米，客户可以随意选择。各楼层分设公用卫生间；办公间采用分户式中央空调，温度可自主调控，节约能耗，方便使用。大厦采用全智能化办公系统，综合步线，宽带网接入，超速信息传输，24小时完全满足国际业务往来等办公需要。Through six years of development, COSCO Tongda Business Center has four independent business office centers in Chaoyang, Haidian and other places. Each center is equipped with high-end office equipment and professional service teams to provide all-round incubation services for growing small and micro enterprises. COSCO Tongda's business scope, in addition to service-oriented office rooms, public office seats, and public conference rooms, also provides more diversified business services for enterprises, These include industrial and commercial agent registration, agent bookkeeping, administrative outsourcing, management training, special training for enterprise development, legal consulting,

financing consulting, listing consulting and counseling, etc. The incubation platform built by COSCO Tongda can meet the needs of flexibility and cost control of enterprise office to a greater extent, help small and micro enterprises and entrepreneurs reduce costs and improve efficiency. Huateng Beipeng Business Building is a post-modern style building with a total construction area of 50430 square meters, 24 floors above the ground and 4 floors underground. The 1-4 floors underground are underground garages, with a total of 290 parking spaces on the ground and underground, fully meeting the needs of business customers. The 1-2 floors above the ground are commercial houses with a floor height of 4.5 meters, and the first floor is a 400 square meter lobby with a height of 9 meters. The hotel style fine decoration is simple and comfortable, creating an appropriate business atmosphere for customers; The floors of 3-24 are 3 meters high, of which the floors of 3-13 are modular office rooms with 8 meters of standard rooms, which can be combined for easy use; The 14-24 floors are commercial and residential apartments, 40-400 square meters, which customers can choose at will. Public toilets are set on each floor; The office is equipped with household central air conditioner, which can control the temperature independently, save energy consumption and facilitate use. The building adopts a fully intelligent office system, integrated routing, broadband network access, and overspeed information transmission, which can fully meet the office needs of international business transactions within 24 hours.
