近，复旦大学生物技术管理研究所公布了**的生物技术高校及专科排名。

由于结果是由各位行评选而得，相对来说更符合目前大家心目中的排名。

与教育部学科评估相比，这次评选范围更大，样本量也更多。

Advantages of registering with the Research Institute in Beijing

Beijing is the resident of an important research institution in China, and it also has a large number of research and development talents engaged in various industries. The projects and technologies developed by the research institutions in Beijing are constructive. Therefore, registering as a research institute (research center, research institute) in Beijing is a good choice for the research and development department and cultural institutions.
