产品详情

2022年9月6日，美国消费品安全委员会（CPSC）发布婴儿摇椅安全法规，更新修订了16 CFR 1229婴儿摇椅安全法规，法规将自2022年12月19日起生效；

该法规为强制性标准，按照要求，婴儿摇椅产品必须符合ASTM F2167-22婴儿摇椅消费者安全规范的所有适用规定。

Safety Standard for Infant Bouncer Seats

In September 2017, the U.S. Consumer Product Safety Commission (CPSC or Commission) published a consumer product safety standard for infant bouncer seats under section 104 of the Consumer Product Safety Improvement Act of 2008 (CPSIA). The standard incorporated by reference the ASTM voluntary standard for infant bouncer seats that had been adopted earlier in 2017 and was in effect at the time. ASTM updated the mandatory standard for infant bouncer seats in 2019 and again in 2022. Consistent with the CPSIA's process for updating mandatory standards for durable infant or toddler products that are based on a voluntary standard, when the voluntary standards organization revises the standard, this direct final rule updates the mandatory standard for infant bouncer seats to incorporate by reference ASTM's 2022 version of the voluntary standard.

DATES:

The rule is effective on December 19, 2022, unless CPSC receives a significant adverse comment by October 6, 2022. If CPSC receives such a comment, it will publish a document in the Federal Register, withdrawing this direct final rule before its effective date. The incorporation by reference of the publication listed in this rule is approved by the Director of the Federal Register as of December 19, 2022.
