

红磷 98.5% 贵州双隆

产品名称	红磷 98.5% 贵州双隆
公司名称	广东大小化工有限公司
价格	.00/个
规格参数	型号:双隆 原产地/产商:贵州双隆 产品等级:食品级
公司地址	茂名市人民南路 198 号物业大厦第五层南端 505-1 号房屋
联系电话	18689361994

产品详情

型号	双隆	原产地/产商	贵州双隆
产品等级	食品级	含量	98.5 (%)
CAS	7723-14-0		

product descriptionproduct: red phosphorus; red phosphorchemical formula: p4molecular weight: 123.89standard executed: gb4947-1990cas no.: 7723-14-0

itemwith stabilizingagent mgcl2no stabilizingagent

purity98.5%99.0%

content of yellow phosphorus:0.005%max0.005%max

free acid:0.2%max0.5%max

moisture:0.2%max0.5%max

mesh:60-30060-300

properties:1. appearance: auburn amorphous powder with metallic luster;2. relative density: 2.34;3. melting point: 590. c;4. solubility: soluble in phosphorus tribromide, but insoluble in water or carbon disulphide;5. liable to burn under chlorine atmosphere, nontoxic, inodorous, without phosphoric light in darkness.

application:1. used to make matches, fireworks, chemical agent, phosphoric alloy;2. used in metallurgical industry and organic synthesis;3. also used as a raw material for manufacturing organic phosphorus pesticide, etc.

packing: 50kg galvanized iron bucket (5bagx10kg/bag); strike, rolling or throwing strictly forbidden, isolated in storage.

optional information- hs code : 2848 phosphides (excluding ferrophosphorus)
