产品详情

Test or certification item 测试或认证名称: 建筑用电线电缆 Fire Classification Of Construction Products And Building Elements - Part 6: Classification Using Data From Reaction To Fire Tests On Electric Cables

Refer products 涉及产品: 电缆

Lead time 周期: 常规服务 regular service 15 工作日 working days (URGENT service, to be confirm, 加急服务待定)

Sample size 送样规格: 1) diameter, dc 20,0 mm; Total quantity of cable
(m)=3*3.6*int((300+20)/(dc+20))+10 2) 20.0mm > diameter (dc) > 5 mm Total quantity of cable
(m)=3*3.6*int((300+dc)/(2dc))+30 3) diameter, dc 5 mm Total quantity of cable
(m)=3*3.6*15*int(100/(dc2))+200 Note: More exact sample quantity of cables would base on the exact diameter of cable and can enquire FTS TS. more details also can see each test method standard.Sample report 样本报告 :
