### 产品详情

洛阳DHL国际快递业务，是指从事快件运输的专业速递公司与航空公司合作，以快速度在发件人 机场 收件人之间递送的急件。拨打DHL电话为愿意您提供更多DHL国际快递媒体信息，为您回答您的任何问题。请通过DHL客服电话、传真或电子邮件与我们联系，感谢您对DHL国际快递的关注。由此可见，DHL国际快递特快专递性质和运输方式与普通航空货运基本上是一致的。可以视为航空货运的延续。实际上，大多数航空货运代理公司都经营快递业务，即我们所谓的：航空货运普货门到门服务。许多专门从事快递业务的公司也是从航空货运代理公司派生出来的。以前从事航空货运机场自提。现在，委托当地同行代理互为派送。这是市场的需求，也是货运发展的必然趋势。到目前出现的第三方物流，直至科学的所谓第四方物流概念，都说明了这一点。洛阳DHL国际快递特快专递的主要运作形式是门到门或称桌到桌服务。即由速递公司派人上门取件，送至机场委托航空公司航空货运，货到目的港机场后，由当地速递公司(或代理)提货，派送到收件人手中。

Luoyang DHL international express delivery business refers to the cooperation between professional express delivery companies engaged in express transportation and airlines to deliver urgent parcels at the fastest speed between sender, airport, and recipient. We call DHL to provide you with more DHL international express media information and answer any questions you may have. Please contact us via DHL customer service phone, fax, or email. Thank you for your interest in DHL international express delivery. It can be seen that the nature and transportation method of DHL international express delivery are basically the same as that of ordinary air freight. It can be seen as a continuation of air freight. In fact, most air freight forwarding companies operate express delivery services, which we refer to as door-to-door air freight general cargo services. Many companies specializing in express delivery services are also derived from air freight forwarding companies. Previously engaged in air cargo airport self pickup. Now, entrust local peers to act as agents for mutual delivery. This is a market demand and an inevitable trend in the development of freight transportation. Up to now, the emergence of third-party logistics and the most advanced so-called fourth party logistics concept all illustrate this point. The main operating form of Luoyang DHL International Express is door-to-door or desk to desk service. The courier company will send people to pick up the package at their doorstep and entrust the airline to air freight it to the airport. After the goods arrive at the destination airport, the local courier company (or agent) will pick up the goods and deliver them to the recipient's hands.
