

高速纯锡电镀液 去溢料 禾睿联科技

产品名称	高速纯锡电镀液 去溢料 禾睿联科技
公司名称	禾睿联科技厦门有限公司
价格	52.00/L
规格参数	
公司地址	厦门福建省厦门市湖里区火炬东路11号创业园创业大厦301室
联系电话	0592-5710185 13395053189

产品详情

高速纯锡电镀液 去溢料 禾睿联科技 http://www.heruilian.com/html/proinfor_en_467.html HeRuiLian Technology (Xiamen) Co,LTD is mainly engaged in designing automation cleaning equipment, IC packaging automation equipment and these equipments ' spare parts, production, import and export and wholesale business, as an import and export agency sales of relevant equipment required potions, and provide professional technical consulting and the high quality post-sale service. It designs automation cleaning equipment to improve customer production efficiency and product ' s stability. The equipment has a wide application which is mainly used in dealing with surface process. It not only applies to cleaning the surface of the traditional industries, but also can be used in removing surface overflow that appeared at science and technology industry ' s(IC packaging industry, the LED industry) the posterior production segment to facilitate the electroplating process. HeRuiLian Technology (Xiamen) Co,LTD. With technical ability, has an ability to integrate in electromechanical system. It gives priority to self-research mechanism and apply for a patent. Its electrical and program is also designed by our own. Our company has enormously technology strength, the prestige is reliable, the quality is excellent, professional creation. Our products aimed at LED photoelectricity, electronics and other high-tech areas, our products are the first choice of photoelectric industry, electronic industry.
