

KT8302

产品名称	KT8302
公司名称	深圳市万锦泰科技有限公司
价格	.00/颗
规格参数	
公司地址	深圳市宝安区福永镇永和大道永和大厦五楼
联系电话	0755-89487669-601 18938943416

产品详情

The KT8302 is a WOW HD audio enhancement processor based on SRS Labs ' award-winning WOW technology. WOW delivers a broadened stereo field, improved dynamics and increased bass performance over stereo headphones or a wide range of speaker sizes. WOW HD goes a step beyond WOW by delivering a new purity to sound with cleaner, livelier audio quality (definition), advanced bass enhancement for fatter low frequency bass (TruBass) and incredibly innovative “ center ” control to place center information in the stereo mix in the forefront or toward the back, in a delicate balance with the 3D stereo width control (SRS 3D).
