Worldwide Responsible Apparel Production

WRAP 环球服装生产社会责任原则

The aim of WRAP is to independently monitor and verify conformity of manufacturers to global social responsibility standard, to ensure that the product meets lawful, humanitarian and ethical conditions during production.

WRAP认证咨询目的是独立监控和证明制造业符合全球性的社会责任标准，保证产品是在合法、人性化和符合伦理的条件下生产的。

The authentication project started with clothing manufacturing, and later spread to all labor intensive production areas such as home textiles, ornaments, leather, down, cashmere, hotel, jewelry, printing, furniture, building materials, food processing, glass products and household goods.

WRAP认证咨询项目目前已由最初的服装制造扩展到所有劳动力密集的生产部门，如家纺、装饰品、皮革、羽绒、羊绒、酒店、珠宝、印刷、家具、建筑材料、食品加工、玻璃制品和家居用品等。
