产品详情

Chinese MSDS and Safety Label China ' s MSDS and Safety Label standards are GHS based, and require they shall be written in Chinese. Safety Label shall also provide 24-hour Emergency Telephone number located inside China. Decree on Hazardous Chemical Management of China rules in Article 15 that ' Manufacturer of hazardous chemicals shall supply MSDS, affix or post Safety Label of the chemical on its package. The MSDS and Label shall meet the requirements of China standards ' ; In Article 37 ' traders shall not trade chemicals without MSDS or Safety Label ' ; In Article 98 ' storage, usage, operation and transportation of imported Hazardous Chemicals shall be managed in the way same to hazardous chemicals manufactured locally in China ' . In Article 78 ' the company shall be punished in case of non-compliance ' . Randis is expertized in helping you for preparation of Chinese MSDS and Chinese Safety Label. Randis can help you to meet the requirement on 24 hour Emergency Telephone Number located inside China.
