

德国eKFV法规 - ABE认证

产品名称	德国eKFV法规 - ABE认证
公司名称	深圳市实测通技术服务有限公司
价格	.00/件
规格参数	测试周期:5-7天 寄样地址:深圳宝安 价格费用:电话详谈
公司地址	深圳市罗湖区翠竹街道翠宁社区太宁路145号二单元705
联系电话	17324413130 17324413130

产品详情

德国eKFV法规 - ABE认证

项目含产品检测，工厂审核以及后续监督年审几个部分。The project includes product testing, factory audits, and subsequent annual supervision audits

2019年6月，德国交通部批准小型电动滑板车&平衡车上路行驶，但要求这类滑板车或平衡车必须符合eKFV法规要求。In June 2019, the German Ministry of Transport approved the use of small electric scooters and balance vehicles on the road, but required them to comply with the eKFV regulations.

eKFV法规是小型电动车相关的规定，整合了MobHV条款，增加了对电动滑板车和平衡车的要求。包括技术、认证、强制保险与司机年龄等。The eKFV regulation is a regulation related to small electric vehicles, integrating the MobHV clause and adding requirements for electric scooters and balance vehicles. Including technology, certification, mandatory insurance, and driver age.

电动滑板车和平衡车的制造商必须确保其在德国销售的产品获得由德国联邦汽车交通局KBA颁发的ABE认证证书。同时，根据德国交通部的规定，如果制造商不在德国境内，则需要由德国公司或者EEA成员国的公司担任法律代理人并持证。 Manufacturers of electric scooters and balance cars must ensure that their products sold in Germany receive ABE certification issued by the German Federal Motor Transport Agency KBA. At the same time, according to the regulations of the German Ministry of Transport, if the manufacturer is not located in Germany, it is necessary for a German company or a company from a member country of the EEA to act as the legal representative and hold a certificate.
