

Heat-resistance Fire-proof Cab

产品名称	Heat-resistance Fire-proof Cab
公司名称	上海人民电缆
价格	面议
规格参数	
公司地址	N0. 1388, Shenzhuan Road, Sijing Town, N0. 1388, Shenzhuan Road, Sijing Town,松江
联系电话	86-021-34240909 13651994188

产品详情

Executive standard

Fire-proof feature test refers to GB12666.6-90(equalto IEC331)

Application It is used fir signsl checking and power transmission at high temp, rated AC voltage 06/1kv and below. Especially used as transmission line in.

The refractory-model cable produced by our factory is the copper-cored cable with the rated voltage of 0.6/1kV, low-smoke non-halogen refractory cable and highly flame-retardant cable, the flame-retardant performance of which is in conformitv to GB/T19216-2003 Integrity Test For Electric Cable Or Optic Cable Under The Flame Condition, so, generally the electric cable of refractory series performs well. The water-proofcable conforms to the standards ofIEC60502-2:1977.
