

ABT/恩必信粉碎机，破碎机，撕碎机

产品名称	ABT/恩必信粉碎机，破碎机，撕碎机
公司名称	东莞市恩必信塑胶机械有限公司
价格	3200.00/台
规格参数	品牌:恩必信 型号:3HP 产地:东莞
公司地址	东莞市常平镇陈屋贝工业区牛路吓路6号
联系电话	0769-82784606

产品详情

强力粉碎机

特点

刀具采用名厂优质精钢精工而制，特别坚固耐用，粉碎各类软、硬塑胶、轻松容易。前后隔音防音设计，噪音极小

设计精简，占地特少，维护容易

门较式分离设计，清扫换网特别容易

马达装有过荷保护与电源连锁保护，保护马达、刀具、工作人员

制造工艺成熟、机体、刀架等主要部件采用整体加工，确保配合精度

粉碎胶头、薄膜，有特别的粉碎机供选择，以更好的适应之

粉碎白色或透明塑料时可订做不锈钢入料斗

Features

High-quality tool steel using precision and famous factory system, especially in rugged , crush all kinds of soft and hard plastic , easy one . Before and after the anti-noise sound design , noise is minimal

Compact design , an area of exceptionally small , easy to maintain

Door design than the separator , cleaning changers are particularly vulnerable

Motor with overload protection and power supply chain protection , protection of motors , tools , staff

Manufacturing processes mature , the body , turret and other major components with the overall process , to ensure that with accuracy

Crush pad , film , special shredders to choose from , in order to better adapt to it

Crushed white or transparent plastic can be tailor-made stainless adapt to it

环保静音粉碎机

全封闭静音设计 , 机台周围1米范围外噪音在75bd以下 , 同时避免了粉尘污染

外型美观、大方 , 有多种款式以供选择

独特设计内部导热系统 , 在保持全封闭的前提下 , 将电机所产生的热量排出机外 , 延长电机使用寿命

不锈钢储料箱清洗方便、快捷 , 也可配备带吸料口 (不锐钢型) 储料箱

内设安全保护系统 , 可选配CE认证电器 , 完全符合欧洲安全标准

配有相序控制器 , 可防止因电机反转所造成的不良后果

装有电源隔离开关 , 维修、操作更加方便、安全

活动不锈钢料斗 , 手柄开关等人性化设计 , 使得操作时得心应手 , 轻松自如

Environmental Silent Crusher

Fully airtight silent designed , noise below 75db without 1meter away from the machine , avoids powder contamination

Elegant designed with options available

Installed with heat transmitting system , expel heat generated from the electric motor , pro- section and safety without any problem forlong hours operation

Stainless steel material storage tank easy for cleaning re-move , stainless steel suction spout available upon require

Installed with safety protection system CE authenticated electrical appliances meeting the European safety standard

Installed with electrical phase controller power isolator , safety operation and simple maintenance

Installed with power isolator , safety operation and simple maintenance

Movable stainless steel multi-positional tray feed closes for complete soundproof oper-ation

胶头专用粉碎机+自回收系统

可与任意型号破碎机搭配使用

经破碎机破碎过的碎料自动回收，无需人工参与

原料所接触部分均为不锈钢或（胶管）材料制作，保持原料精纯

配置集尘装置，吸收粉尘，防止空气污染

拆装、清理方便快捷

Plastic head special crusher + Automatic recycling system

Able to work with all granulators

Crusher broken off by the auto scrap recycling , without human intervention

Stainless steel construction to assure material purity

Dust-collecting devices adopted , absorbing dust , preventing air pollution

Simple disassembly cleaning
