

MEGAVOLT 蓄电池8D 12V 1,300 CCA 251Ah FLOODED CELLS 重型设备启动电池

产品名称	MEGAVOLT 蓄电池8D 12V 1,300 CCA 251Ah FLOODED CELLS 重型设备启动电池
公司名称	狮克电源（北京）科技有限公司
价格	.00/件
规格参数	品牌:MEGAVOLT 蓄电池 型号:1,300 CCA 251Ah 规格:12V251Ah
公司地址	北京市昌平区沙顺路88号
联系电话	13121708881 13121708881

产品详情

MEGAVOLT 蓄电池8D 12V 1,300 CCA 251Ah FLOODED CELLS 重型设备启动电池

The MEGAVOLT 8D 12V 1,300 CCA 251Ah FLOODED CELLS heavy-duty equipment starting battery is a reliable and high-performance power solution. As a representative of LIONKE Power (Beijing) Technology Co., Ltd., we are here to provide you with detailed information about this exceptional battery.

Brand: MEGAVOLT Battery

The MEGAVOLT Battery brand is known for its commitment to producing top-quality batteries that meet the demands of various industries. With a strong focus on innovation and reliability, MEGAVOLT batteries have established a solid reputation in the market.

Model: 1,300 CCA 251Ah

With a CCA (Cold Cranking Amps) of 1,300 and an Ah (Ampere-hour) rating of 251, this battery is specifically designed for heavy-duty equipment. The high CCA ensures a reliable start even in extremely cold weather conditions, while the ample 251Ah capacity provides sufficient power to support prolonged usage.

Specifications: 12V 251Ah

The MEGAVOLT 8D battery operates at a voltage of 12V and has a capacity of 251Ah. This specification guarantees consistent and stable power output, making it suitable for a wide range of heavy-duty applications.

When it comes to investing in a battery for your heavy equipment, several factors should be taken into consideration.

The MEGAVOLT 8D 12V 1,300 CCA 251Ah FLOODED CELLS battery stands out for several reasons:

Enhanced Starting Power: The high CCA rating ensures reliable engine starting, even in harsh weather conditions.

Long Service Life: The flooded cell design and high-quality materials used in the construction of this battery result in a longer service life and superior performance.

Deep Discharge Capability: The MEGAVOLT 8D battery can withstand deep discharges without compromising its functionality, offering increased reliability for your heavy machinery.

Durable Construction: The battery is built to withstand vibration and shock, making it suitable for heavy-duty applications where equipment movement can cause mechanical stress.

Maintenance Convenience: The design of the battery incorporates easily accessible terminals for convenient maintenance and inspections.

Additionally, the MEGAVOLT 8D 12V 1,300 CCA 251Ah FLOODED CELLS battery is designed with safety in mind. It is equipped with features such as flame arrestors and a robust casing to prevent accidents and ensure reliable operation.

In summary, the MEGAVOLT 8D 12V 1,300 CCA 251Ah FLOODED CELLS heavy-duty equipment starting battery is an ideal choice for those seeking reliable power solutions. With its superior performance, durability, and convenience, this battery is sure to meet the demanding requirements of heavy machinery applications. Embrace the power of MEGAVOLT and enjoy uninterrupted performance for your equipment.
